

Welcome to... **Healthier Communities**

The BUILT ENVIRONMENT

HEALTH

Obesity

Air quality

Green space

PRIORITY

Commute time

Emotional well being

JUNE 23, 2011

Safety

THE SPRAWLING NATURE OF OUR

Communities!

Traffic → Emissions → Air Quality

THE ROLE OF PUBLIC HEALTH:

information
education
review of plans
recommendations

POLICY DESIGN

ACTIVE PUBLIC

transportation

≠ RECREATION

Like fish in water, we don't always see how our environment affects us!

OPPI: Lead and support members in planning healthy communities

Access to healthy food

THE ROLE OF PLANNERS:

policy development
committee

Everyone has a different perspective.
