Seasonal Influenza Vaccine Update

Attention: All Physicians, Long-Term Care Homes, Rest & Retirement Homes, Hospitals, Infection Control Practitioners, Walk-in clinics, Correctional Facilities, Penetanguishene Mental Health Centre, Nurse Practitioners

Date: October 29, 2009

The Simcoe Muskoka District Health Unit has completed public clinics for seasonal influenza for those aged 65 and older. Our regular immunization clinics are currently not able to accommodate appointments for seasonal influenza as the schedule is now full and additional appointments are not available. Any requests for seasonal influenza will be referred to primary care practitioners and walk-in clinics while the health unit focuses on our mass public clinics for pH1N1 vaccination.
