Reviewed Date	Date	Number	PP0108
Revised Date	Date	Approved Date	April 27, 2011

Introduction

The Accessibility for Ontarians with Disabilities Act, 2005 (AODA) is Provincial Legislation with the purpose of developing, implementing and enforcing accessibility standards in order to achieve accessibility for persons with disabilities with respect to goods, services, facilities, accommodation, employment, buildings, structures and premises on or before January 1, 2025.

As of January 1, 2012, the health unit must comply with Ontario Regulation 429/07 entitled "Accessibility Standards for Client Service" which came into force on January 1, 2008. This regulation establishes accessibility standards specific to client service for public sector organizations and other persons or organizations that provide services to members of the public or other third parties

Purpose

The purpose of this policy is to inform Simcoe Muskoka District Health Unit Board of Health members, employees, students, volunteers, and contractors of health unit obligations and agency expectations of those who deal with members of the public on behalf of the health unit to ensure compliance the Accessibility Standards for Client Service Ontario Regulation 429/07.

In addition, the policy serves to inform members of the public regarding their rights and health unit obligations with respect to:

1. The provision of services to persons with disabilities;
2. The use of assistive devices by persons with disabilities;
3. The use of service animals by persons with disabilities;
4. The use of support persons by persons with disabilities;
5. Notice of temporary disruptions in services and facilities;
6. Training;
7. Client Feed back regarding the provision of services to persons with disabilities;
8. Notice of availability and Format of documents and meetings.

To be considered a service animal under the standard, it must either be readily apparent (i.e. wearing a harness, saddle bags, and a sign identifying the animal as a service animal), that the animal is being used because of a person's disability or the person with a disability must be prepared to show a letter from a doctor or nurse confirming that it is required for reasons relating to his or her disability.

Support Person is an individual hired or chosen by a person with a disability to provide goods and services or assistance with communication, mobility, personal care, medical needs or with access to goods and services.

Policy

The Simcoe Muskoka District Health Unit will provide programs and services in a manner that is based upon the principles of dignity, independence, integration and equal opportunity to all health unit clients.

Wherever possible, persons with disabilities will benefit from the same services, in the same place and in a similar way as other clients. Services will be integrated with those provided to persons who do not have disabilities unless an alternative measure is necessary to enable a person with a disability an opportunity equal to that of persons without disabilities to obtain, use or benefit from the Health Unit's services.

Human Resources will be responsible for policy orientation and interpretation.

Communication

The Health Unit will communicate with people with disabilities in a manner that will take into account their disability.

Clients with disabilities will be offered alternative communication formats that will meet the needs of the client when necessary.

Documents will be provided to clients in an alternative format that will meet the needs of the client in a timely fashion as negotiated with the client.

Use of Service Animals, Support Persons and Assistive Devices

Service Animal

The Simcoe Muskoka District Health Unit will welcome people with disabilities who are accompanied by a service animal that is not in contravention of any law (ie. the Municipal By-law) on the parts of our premises that are open to the public and owned, leased or contracted and operated by the Simcoe Muskoka District Health Unit. If a service animal is excluded by law, the Simcoe Muskoka District Health Unit will ensure that alternate means are available to enable the person with a disability to obtain, use or benefit from the Health Unit's goods and services.

Support Person

The Simcoe Muskoka District Health Unit will welcome people with disabilities who are accompanied by a support person. At no time will a person with a disability who is accompanied by a support person be prevented from having access to his or her support person while on the Simcoe Muskoka District Health Unit premises.

The Simcoe Muskoka District Health Unit may require a person with a disability to be accompanied by a support person when receiving service or participating in a program offered by the Health Unit.

Fees will not be charged for a support person when a client is accessing services where an admission fee is applicable. Efforts will be made to ensure clients will be informed of this.

Assistive Devices

A person with a disability may provide their own assistive device for the purpose of obtaining, using and benefiting from the Health Unit's services. Exceptions may occur in situations where the Health Unit has determined that the assistive device may pose a risk to the health and safety of the individual or others on the premises. In these situations, the Health Unit will offer the person other reasonable measures to assist him or her in obtaining, using and benefiting from the Health Unit's services, where the Health Unit has such other measures available.

The person with a disability is responsible to ensure that his/her assistive device is operated in a safe and controlled manner at all times.

Notice of Temporary Disruptions

When temporary disruptions occur to the Health Unit's Services or facilities, the Director of Corporate Service will ensure that notice is provided by posting the information in visible places and on the Health Unit's web-site (www.simcoemuskokahealth.org) or by any other method that may be reasonable under the circumstances.

Program management will provide clients with notice in the event of a planned disruption in the facilities or services usually used by people with disabilities. In the event of an unplanned disruption of its facilities and services, the Health Unit will make a reasonable effort to provide notice as soon as possible. In both cases, this notice will include information about the reason for the disruption, its anticipated duration, and a description of alternative facilities or services, if available.

The Operations and Office Support Supervisor will maintain records containing dates of when Temporary Disruption Notices are posted.

Training on Client Service

Human resources will ensure training is provided to all board of health members, employees, students, volunteers and others who deal with the public on behalf of the Health Unit, and all those who are involved in the development and approval of client service policies and procedures.

Training will include but not be limited to the following:

- a) Understanding the Accessibility for Ontarians with Disabilities Act, 2005 and the requirements of the client service standards.
- b) How to interact and communicate with people with various types of disabilities.
- c) How to interact with people with disabilities who use an assistive device or require the assistance of a service animal or a support person and how to use assistive devices if the health unit is aware in advance of persons attending health unit programs or services in need of these devices:
- d) What to do if a person with a disability is having difficulty in accessing the Simcoe Muskoka District Health Unit's services.
- e) Policies and procedures that affect the way programs and services are provided to people with disabilities.

Human resources will maintain records of training including the name of staff person trained, date of training and level of training. Levels of training are defined within the procedures section.

Accessibility of Meetings

Program management will ensure that meeting space is in an accessible physical environment and that participants have access to the meeting contents and proceedings. Where required to serve the needs of a person with a disability, alternate forms of communication with those in attendance at meetings will be provided at the health unit's expense.

Feedback Process

The Director Corporate Service will ensure that a feedback process is in place to generate and respond to client suggestions and complaints.

Format of Health Unit Documents

The Director of Corporate Service will ensure documents are produced in an alternative format upon request, unless it is not technically feasible to do so and subject to the provisions of the Municipal Freedom of Information and Protection of Privacy Act and the Personal Health Information Protection Act.

Notice of the Availability of Documents

The Director of Corporate Service will ensure the Accessible Client Service Policy is posted on the web site and notice that the policy is available for public viewing is posted in all offices.
