

PHYSICAL DISTANCING

ELEVATOR TIPS:

HELP PREVENT THE SPREAD OF COVID-19 BY PRACTICING PHYSICAL DISTANCING AND GOOD HAND HYGIENE.

One person in the elevator at a time – otherwise, take the stairs or wait for the next elevator.

Use your elbow to push button. If you use your hands, avoid touching your face after pushing buttons.

Wash your hands or use alcohol-based hand sanitizer after leaving the elevator.

KEEP A DISTANCE OF **2 METRES (6 FEET)** FROM OTHERS WHILE WAITING FOR THE ELEVATOR.
