

May 15, 2019

The Honourable Christine Elliott
Deputy Premier and Minister of Health and Long-Term Care
10th Floor, Hepburn Block
80 Grosvenor Street
Toronto, ON M7A 2C4

Dear Minister Elliott:

I am writing on behalf of the Board of Health for the Simcoe Muskoka District Health Unit (SMDHU) to recommend that the full territory of SMDHU remain intact and join with York Region to form a new regional public health entity on April 1, 2020. This is in response to information provided verbally to Dr. Charles Gardner, Medical Officer of Health for SMDHU by staff from the Ministry of Health and Long - Term Care on May 7th, 2019 indicating that public health services in the District of Muskoka will be provided by a regional public health entity that will also serve Sudbury, North Bay, Parry Sound, Algoma, Porcupine, Timiskaming and part of Renfrew; he also was informed that Simcoe County will be served by a public health entity that will also serve York Region. From this communication it is also Dr. Gardner's understanding that the provincial government is willing to consider feedback on these boundary changes. The Board appreciates having the opportunity to recommend that all of the territory served by SMDHU be combined with that of York Region in a new regional public health entity.

The Board and staff have worked very hard since the inception of SMDHU (the result of a merger prompted by the province in 2005) in order to create a cohesive public health agency that is highly successful in fulfilling its mandate. The District of Muskoka benefits from public health services provided in partnership with Simcoe County. The division of our Muskoka and Simcoe operations would disrupt and undermine program delivery.

The geographic area of the proposed *northeastern regional public health entity* is extremely large (over 400,000 kilometers, extending to James Bay). Providing public health services over such a large and low density area will be very challenging, and it will be very difficult for the governance and management of such a regional public health entity to provide attention to local service provision. The provision of public health services in the District of Muskoka would be more challenging within this very large public health entity than they would be if Muskoka were to join Simcoe County in a regional public health entity with York Region. The provision of public health services for the remaining communities in the proposed *northeastern regional public health entity* would also be further challenged with the addition of Muskoka to their territory.

The inclusion of the District of Muskoka with Simcoe County and York Region in a single public health entity would also be consistent with the observation that in general, the community and health care service referral patterns in Muskoka are directed to facilities in Simcoe County (Barrie and Orillia), and to communities further south (including in York Region).

FAX: 705-325-2091

Finally, of great concern to the Board is the reality that the division of Muskoka from Simcoe would greatly increase the complexity, cost and duration of time required for the creation of the new public health entities, compared with having Muskoka and Simcoe join together with the public health services in York Region. A merger between SMDHU and York Region would be complex on its own, however the splitting of our operations between Simcoe and Muskoka at the same time as mergers both with York, and with six other health units to the north would be overwhelming in its complexity.

Given the inherent and substantial disadvantages of dividing Simcoe and Muskoka, the Board recommends that SMDHU join in its entirety with York Region in the modernization of public health.

Thank you for considering our recommendation.

Sincerely,

ORIGINAL Signed By:
