Monkeypox – Primary Care Education Opportunities

Attention: Physicians, Emergency Departments, Infection Control Practitioners, Walk-In Clinics/Urgent Care Clinics, Nurse Practitioners, Midwives, Family Health Teams, Occupational Health Professionals, Central LHIN, NSM LHIN, Beausoleil First Nation, Moose Deer Point First Nation, Rama First Nation, Wahta First Nation, EMS

Date: June 22, 2022

Monkeypox is now reportable to public health as a Disease of Public Health Significance (DPHS) and the situation in Ontario is evolving quickly. As a result, several educational opportunities are available this week for primary care providers as attached.
