Webinar

Monkeypox

How to recognize it and manage it: What Primary Care Physicians and Clinicians Need to Know

Thursday, June 23, 2022
6:30pm EST

Hosted by:

Ontario HIV Treatment Network

To Register: <https://www.ohtn.on.ca/hive/monkeypox-how-to-recognize-it-how-to-manage-it-2/>

Lack of awareness of monkeypox among health care providers in Ontario and the fact that the circulating strain is presenting in atypical ways may be contributing to under-detection.

Join Dr. Darrell Tan who will present what clinicians need to know about monkeypox including how to recognize it and how to manage it. Dr. Tan will be joined by Dr. Daniel Warshafsky, Associate Chief Medical Officer of Health, Ontario Ministry of Health who will talk about best practices in identifying contacts and stopping onward transmission.

This presentation will be followed by a live Q & A with Dr. Adrienne Chan, Infectious Diseases Physician, Sunnybrook Health Sciences. This session is intended for primary care providers, and you are encouraged to ask questions.

Webinar

Monkeypox in Canada

What Clinicians Need to Know

Thursday, June 23, 2022

12:00pm – 1:30pm EST

Hosted by:

**The National Collaborating Centre for Infectious Disease in
partnership with the Public Health Agency of Canada and the
Association of Medical Microbiology and Infectious
Disease Canada**

To Register: <https://www.eventbrite.ca/e/monkeypox-in-canada-what-clinicians-need-to-know-tickets-368532710257>

This webinar is for clinicians and public health experts, with the goal of improving awareness of the evolving monkeypox situation. Experts will provide epidemiological and clinical context for the observed monkeypox infections in Canada.

Learning Outcomes

- The global and Canadian epidemiological overview of monkeypox infection
- The current clinical presentation of monkeypox infection: signs, symptoms, concurrent infections
- An overview of sampling for laboratory testing of suspected cases
- The Public Health responses to date in Canada

The presentation will be followed by a Q&A session. Participants are encouraged to submit questions of interest prior to the webinar at the time of registration on Eventbrite. You can also email questions at nccid@umanitoba.ca.
