

## **Tamiflu Availability in Simcoe Muskoka**

**Attention: Physicians, Emergency Departments, Nurse Practitioners, Infection Control Practitioners, Occupational Health Professionals, Walk-In Clinics/Urgent Care Clinics, Family Health Teams**

**Date:** January 9, 2015

---

January 5, 2015, the Simcoe Muskoka District Health Unit (SMDHU) released a HealthFAX titled "Widespread and Peak Influenza Activity in Simcoe Muskoka" which identified a shortage of Tamiflu in some areas of Simcoe Muskoka. This HealthFAX is to confirm that the issue of supply and distribution of Tamiflu has been resolved. Local pharmacies should now be able to easily access supply as needed.

If you or your patients report inability to fill their prescriptions please notify the CD Team at the number below.

If you have questions, please contact the Simcoe Muskoka District Health Unit Communicable Disease Team at 705-721-7520 extension 8809.
