

# Questions About Your Child's Social and Emotional Development?

Infants, Toddlers, and Pre-Schoolers

How can I help soothe or calm my baby?

I don't know what my baby is trying to communicate when they fuss and cry.

How can I help my child to play with other children?

Why doesn't my child seem to like to be held?

How can I encourage my child to show interest in toys/activities?

How can I help my child get to sleep?

## We Can Help!

The Healthy Babies Healthy Children (HBHC) program offers FREE home visiting support to eligible families from pregnancy to the time children are ready for school. When you call HBHC, you will speak with a Public Health Nurse who can give you information and connect you to community resources.
