

NO MONEY FOR FOOD IS... CENTS\$LESS

Dear Premier Ford,

I believe that No Money for Food is Cent\$less. It is important to implement strategies that address the needs of those of low income, such as policies that:

-  **Increase social assistance rates to match real living costs, indexed to inflation**
-  **Support fair workplaces and good jobs with regular hours and benefits**
-  **Increase minimum wage**
-  **Provide a basic income for all Ontarians**
